# THE SOCIAL CHALLENGES WE ADDRESS

## HUMAN TRAFFICKING INTERVENTION

Human trafficking remains a serious violation of human rights, affecting women, children and economically vulnerable individuals. Many victims are trapped due to lack of awareness, fear, social pressure and economic dependency.

IHRACO intervenes in suspected trafficking cases through community monitoring, awareness campaigns and coordination with responsible authorities. The organization works to identify vulnerable individuals, provide guidance, and ensure timely support and protection.

Through grassroots vigilance and early intervention, IHRACO contributes to preventing exploitation and safeguarding human dignity.

## DOMESTIC VIOLENCE SUPPORT & MEDIATION

Domestic violence often remains hidden due to social stigma and fear. Many victims suffer silently without access to support or legal guidance. IHRACO provides structured mediation, counseling and legal awareness assistance to victims of domestic abuse. The organization facilitates constructive dialogue and lawful resolution wherever possible.

To date, **more than 1000 domestic violence and social dispute cases have been resolved** through community intervention and guided settlement processes. These efforts not only provide relief to victims but also help reduce prolonged litigation and burden on courts.

## LEGAL AWARENESS & CIVIC EDUCATION

Lack of awareness about constitutional rights and legal remedies often prevents citizens from seeking justice.

IHRACO conducts legal awareness camps, workshops and outreach programs to educate communities about their rights and responsibilities. By promoting understanding of lawful processes, the organization strengthens responsible citizenship and reduces unnecessary legal conflict.

Informed citizens are less vulnerable to exploitation and more capable of protecting themselves against injustice.

## YOUTH EMPOWERMENT & SOCIAL RESPONSIBILITY

Young people are particularly vulnerable to crime, substance abuse and misinformation when opportunities and guidance are limited.

IHRACO engages youth through awareness programs, sports activities, educational support and leadership initiatives. By encouraging discipline, civic responsibility and national values, the organization promotes positive social participation among young citizens.

Youth empowerment is seen as a long term strategy for crime prevention and nation building.

## HEALTHCARE SUPPORT FOR UNDERPRIVILEGED COMMUNITIES

Access to basic healthcare remains a challenge for many rural and urban underprivileged families. Economic hardship, lack of awareness and limited facilities often delay treatment.

IHRACO organizes free health camps, blood donation drives and medical awareness programs to bring essential services closer to those in need. **More than 2000 children and families have benefited**

## EDUCATION & HIGHER EDUCATION SPONSORSHIP

Educational inequality continues to limit opportunities for economically disadvantaged students.

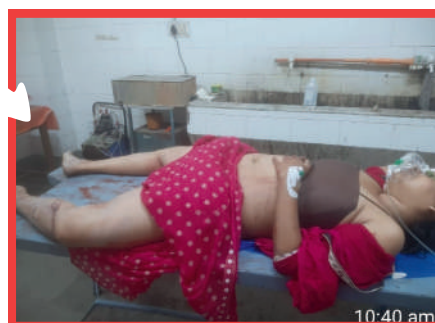

IHRACO supports pre school, non formal education and bridge courses for vulnerable children. In addition, the organization sponsors tuition fees for deserving students after Class 12, enabling them to pursue higher education without financial interruption. This commitment to long term education strengthens self reliance and social mobility.
